"For years I have had to hide my identity and go by my code name." "You all know who I am." "I'm Rudolf Von Braun." "It's because of the advanced technology we're developing here that we have to keep our work very secret." "To assure complete secrecy, we are working in underground domes on the Bavarian border." "I need hardly add, under these domes, there is no question of there being any "space travel" whatever." "Next, please." "Code name:" "Linus Stein." "I am the director of rocket design here at the V-2 factory." "In particular, I will show you our most advanced weapons." "The V-2, for example, can be fired from mobile launch sites such as the one you see there." "This... is a V-2 with a range of 250 miles." "And this is the V-3, the most fantastic weapon." "It takes...a bit of getting used to... but the most fantastic feature is that with a range of six miles... the V-3 can be aimed straight down from the sky to hit

London." "We have become the first state to have practical atomic weapons." "We are proud of this achievement." "Finally, I should like to say a few words to those who do not have courage." "Those who have friends and they lie..." "They'll probably die." "Those who are too shy to stand up alone and then only one question:" "What'll happen to me?" "All hope is gone." "But there's another question and here's an answer:" "What shall I do?" "What'll happen to me?" "Good." "You can help." "And this is it." "The world-wide temperature is..." "Five degrees."
